About this learning activity

Manage the influence of social media and how it could hurt (or help!) your job search.

Explore these topics:

- How will you tell your story?
- Create your "workplace brand"
- Create your workplace tagline
- Where will you plant your workplace brand?
- How will you make your workplace brand grow?

**Duration:** Complete this course to earn 105 minutes of learning credit.

Complete all four courses in this series to earn the **Job Application Essentials** badge, an IBM and NAF co-creation!

About this learning activity

Red Hat recognizes Red Hat Certified Professionals who demonstrate ingenuity, hard work, and expertise by making a difference in their organizations and in the community. In 2020, **Fabrice Harbulot** was named Red Hat Certified Professional of the Year. Harbulot holds 14 different Red Hat certifications, including Red Hat Certified Architect (RHCA®) in Infrastructure Level VII. He is most proud of the RHCA credential, which represents Red Hat's highest level of certification. "Becoming a Red Hat Certified Architect was the defining moment in my career," he said. Fabrice has developed skills and experience in cloud, DevOps, security, and high-availability systems. He has put that knowledge to work as a **senior Linux systems engineer and technical leader with IBM**, as well as a **Linux administrator for Steria and Canal+ Group**.

Hear from Fabrice Harbulot about his experiences in this video presented by Red Hat.

**Note:** On the video toolbar, go to **Settings**, select **Subtitles**, select **English**, and then select **Auto-Translate** to enable subtitles in a language of your choice from the drop-down.

### Sobre este plano de aprendizagem

Curious about tech, but not sure where to focus? You've come to the right place. In this learning plan, you'll get an intro to six emerging technologies that power today's jobs. You'll learn a little about each—like foundational concepts, terminology, and how it's used—and then you can decide where you want to go deeper.

**Badge opportunity:** Complete all the courses in this learning plan and earn the **Explore Emerging Tech** credential.

- **Audience:** Anyone who wants to learn about the role of technology in today's careers
- **Duration:** 7 hours, 10 minutes
- **Level:** Beginner
- **Languages:** English, Spanish, Portuguese (Brazil), French, Korean, Chinese (Traditional), Polish, Turkish, Italian, Arabic, Hindi, Ukrainian, and Japanese

### About this learning activity

This course will provide you with an introduction to cybersecurity. From the offense perspective, you will learn about cyber attackers, their tactics, social engineering, and high profile case studies. From the defense perspective, you will learn about common approaches organizations take to prevent, detect, and respond to cyber attacks. You will also learn about career opportunities in this exciting, growing field.

Complete this course to earn the Cybersecurity Fundamentals badge!

**Expected duration:** This course will take you about 6 hours.
